Honey Hand cream Light

Keep your hands moisturized & comfortable

A feather-light formulation offering perfect hydration

Contains honey and botanical moisturizing ingredients.

Absorbed quickly like a gel, leaving hands soft and smooth, without a trace of greasiness.

● Irresistibly velvety-smooth hands

Contains natural derived moisturizing ingredients that gently care for your skin.

● Formulated for long-lasting hydration

Forms a veil of moisture over your skin. Prevents moisture from evaporating away.

Utilizes the barrier functions of natural ceramides.

● Dewy texture that spreads easily over the skin.

The lightweight formula is absorbed instantly, without leaving a trace of greasiness, so you can get on with your work as soon as you've applied it.

Bittersweet honey & lemon fragrance

Kanston recommends

Use it to nourish your nails and cuticles, too! It blends in well, without oiliness, so apply it frequently if you're worried about dry skin. Don't forget to moisturize your nails as well.

Honey hand cream

Rich Moist

Make your hands moisturised and smooth

Melts lusciously into the skin, protecting your hands

Contains honey and 3 organic oils.

Locks in moisture, keeping dryness-prone hands soft and silky.

● A rich cream for incredible hydration

Contains honey, collagen, and hyaluronic acid, plus three organic oils

● Moisture-lock formulation

The "moisture-lock formulation" seals in moisture and beauty ingredients. This keeps the moisture locked within the skin, protecting your hands from dryness.

Delicate honey fragrance

● Superb hydration, without stickiness

Melts on contact and quickly sinks into the skin, clinging to it. Offers deep hydration, yet with a pleasant, non-sticky texture.

Honey, royal jelly extract, chamomile flower extract, squalane, 2 types of collagen, 3 types of hyaluronic acid, silk powder

8 types of organic moisturizing agents

Skin-protecting agent Stearyl glycyrrhetinate

Pore-tightening & skin toning agent Witch-hazel leaf extract

◆ 4-Free formulation

●Silicone-free ●Mineral oil-free ●Alcohol-free ●Paraben-free

Do you ever have times when you don't want to wear make-up, but you want your skin to look good?

A spoonful of nature
Country & Stream

Happy Afternoon Face powder

No more dullness! No more 5 o'clock fade-out!
Get an afternoon glow with powder that noticeably boosts translucence

Dullness, make-up run, visible pores...when your make-up starts looking the worse for wear after a long day, you even feel lackluster in spirit. Now there's a high-performance face powder designed for women who want to keep looking good while working hard in the afternoon, too.

High-purity Processed Powder is highly resistant to dullness, leaving skin looking finely textured and translucent. Use as a finishing powder and for touch-ups to stay looking beautiful throughout the afternoon.

No more dullness!

Uses High-purity Processed Powder, a powder that has been highly refined to remove, as far as possible, the impurities that cause dullness. Its key feature is that even contact with sweat and sebum won't dull it. Resistant to dullness whether applied to skin that is already oily or skin that becomes oily some time later, it keeps you looking beautiful.

Mica (basic ingredient in the powder): Comparison of color after exposure to oil

Unprocessed After high-purity processing

After all it mixes with sebum and sweat, it becomes dullness.

No more visible pores!

Contains three types of soft-focus effect powder with different particle sizes. Conceals pores that are a source of concern, creating skin with a fine texture.

No more make-up run!

Sebum-adsorbing powder captures the oil that causes dullness and make-up run.

No more looking tired!

Contains tone-up powder. Adds just the right amount of luster and rosiness.

No more dryness!

Dewy powder formulation. Contains hyaluronic acid in powder and amino acid powder. Prevents roughening of skin.

SPF50
PA++++

UV Face Powder

Apply over make-up!

Reduces exposure to powerful UV rays

Anti-UV Powder

An anti-UV loose powder that protects your skin against ultraviolet rays — just pat it on over your usual make-up.

Reapplying UV protection every so often is crucial — a powder makes that process quick and easy!

The lavender shade banishes dullness to make skin look clearer, without a thick or heavy feel.

This anti-Uv powder is ideal for those who want to look beautiful, while protecting their skin against Uv rays

point 1 "I want to protect my skin against sunburn, blemishes, and freckles."

Its SPF50 PA++++ rating means that it guards against not only the UVB rays that cause sunburn, but also the longer-wavelength UVA rays that are said to promote the formation of blemishes and wrinkles. Prevents blemishes and freckles caused by exposure to the sun.

point 2 "The season when Uv rays are a concern is exactly the time when shine and visible pores are a worry, too!"

Contains sebum-adsorbing powder. This clings to excess sebum to prevent shine and stop your make-up wearing off. The soft-focus powder also offers a superb blurring effect to conceal visible pores.

point 3 "Hydration is essential."

Formulated with moisturizing powders: amino acid powder, ceramide coating powder, and hyaluronic acid in powder. Dewy texture clings to your skin.

- Beautifying and moisturizing agents: 2 types of collagen, 3 types of hyaluronic acid, honey
- Contains 6 types of organic moisturizing agents

point 4 "I want something that's gentle on me, free from as many harmful things as possible."

UV absorber-free, paraben-free, ethanol-free, mineral oil-free, petroleum-based surfactant-free

Do you ever encounter these issues???

- ☒ Your favorite foundation has a low SPF.
- ☒ You don't want to change your make-up base for greater UV protection.
- ☒ You struggle to reapply sunscreen.
- ☒ Foundation applied over UV protection feels thick and heavy.

Honey Body cream

It takes just 3 seconds to lock in moisture
after your bath, for soft, dewy skin
A body cream that you can even use
when your skin is wet

Generous 200g tube

The richness of
honey and cream
gently envelops
your body, melting
into your skin.
Dewy moisture to
combat dryness.

Delicate
honey fragrance

◆ The richness of honey and cream gently envelops your body, melting into your skin.

Moisture to delight your skin

Moisture
from bees

honey
royal jelly extract
propolis beeswax

Moisture
that promotes
beautiful skin

collagen
hyaluronic acid
macadamia nut oil
chamomile flower extract

Organic
moisture

aloe extract
shea butter jojoba oil
olive oil
rosemary leaf extract

Dipotassium glycyrrhizate (licorice root extract) to prevent chapping

◆ You can even use it on wet skin!

The cream turns into a lotion when stroked into wet skin, so it locks in moisture before your skin dries, keeping it soft and supple.
We recommend that you use it after gently patting off any excess moisture!

The moisture in your skin can easily evaporate after a bath, causing your skin to become dehydrated.

Now

you can lock moisture into your skin within
3 seconds of getting out of the bath!

Honey Peeling

Get rid of the cause of all your skin problems

Peel off those layers of dead skin

Skin Peeling Gel with Honey

Dullness, roughness, blackheads...the main cause of skin problems like these is a buildup of old, hard skin cells. Removing old, hard skin cells and sebum leaves your skin smooth, so your make-up sits better on it.

Have you been worried about these recently?

- ☒ Dullness
- ☒ Roughness
- ☒ Blackheads
- ☒ Greasiness
- ☒ Make-up not sitting well

- 🐻 Removes old, hard skin cells and promotes the turnover of new skin cells, for silky-smooth skin that provides the perfect base for make-up.
- 🐻 Uses "impurity sensors" that react only to superfluous substances. That's why it doesn't burden your skin.
- 🐻 The softer, fluffier flakes feel gentle on your skin.
- 🐻 Packed with moisturizing agents!
Honey, royal jelly extract, shea butter, jojoba seed oil, hyaluronic acid, collagen
- 🐻 You can use it on wet skin as well, so it's ideal while you're in the shower – use it to make your chin, neck, and décolletage velvety-smooth too!
- 🐻 Delicate honey fragrance.

Honey Eye Roll-on

Improves the tone and moisture
of the delicate eye area

Roll-on Eye Serum

Banish dark circles
around your eyes!

Eyes look brighter!

Show off your eye make-up to best advantage

- **Dual-effect beauty serum** × **massage** combats the tendency of the eye area to become puffy, leaving it looking refreshed and smooth.
- Uses a stainless steel roller with a pleasant cooling sensation.
- Contains natural moisturizing agents: honey and royal jelly extract. Improves the tone of the eye area.
- Contains hyaluronic acid. Retains moisture in skin prone to dryness.

〈Carefully-selected natural ingredients〉

Natural ingredients that are said to have moisturizing, anti-aging, circulation-boosting and skin-firming properties have been carefully selected and combined to create this serum.

Honey, royal jelly extract, chamomile flower extract, pomegranate fruit extract, ginger extract, Platycarya strobilacea fruit extract, witch-hazel extract, chlorella extract

Aging starts from the eyes?!

It is said that aging starts earliest with the eye area, which is delicate, prone to dryness, and frequently exposed to harsh environments. The skin around the eyes is thin and secretes little sebum. However, it is constantly working, as you blink tens of thousands of times each day. In addition, your cleansing method may also cause dryness or pigmentation. In order to keep your eyes looking attractive, you need to start taking good care of your eye area as early as possible.

Golden moisturizer

Moisturizes in a flash, without stickiness

Rich honey gel

New formulation for even longer-lasting hydration

- Fragrance-free ● Pigment-free ● Alcohol-free
- Mineral oil-free ● Surfactant-free ● Paraben-free

Our hydrating, non-sticky Golden Moisturizer continues to be a popular long-seller. Now, we've added ingredients derived from honey and royal jelly to transform it into a gel-based beauty essence that provides longer-lasting hydration, while retaining its luscious texture. Continued use will restore the moisture balance of your skin, helping it to stay healthy and resist chapping.

Non-sticky formulation makes it simple to use

One of the reasons for its long-selling popularity is that even though it's made from honey, it's not sticky.

The moisture provided in this luscious-textured gel penetrates through to the corneal layer, replenishing the moisture in your skin.

Honey 3 Plus formulation for long-lasting moisture

Contains three types of honey-derived ingredients and three types of ingredients derived from royal jelly. These lock in the moisture your skin needs, keeping it dewy until morning and leaving it plumped, with improved elasticity.

Illustration

Honey

: A natural moisturizing agent that has been used for health and beauty purposes since ancient times.

Hydrolyzed honey protein

: An extract created from the precious protein which honey contains in only minuscule quantities. It is composed of amino acids with powerful beautifying effects.

Hydrating honey

: A honey derivative that virtually eliminates the stickiness of honey, boosting its moisture retention capacity to about double that of glycerin. Thoroughly maintains the skin's moisture levels.

Royal jelly

: Consisting mainly of amino acids, this contains a superb balance of nutrients, including more than 40 types of vitamin, minerals and other beneficial components.

Deep-penetrating royal jelly

: Uses Natural Delivery Technology, enveloping a highly concentrated form of royal jelly in naturally derived ingredients and refining it. This increases its ability to penetrate the skin*, helping to promote healthy, well-hydrated skin.

Refined royal jelly

: A skin-beautifying ingredient created by breaking down royal jelly to extract only the protein. It clings to your skin, plumping it and enhancing its elasticity. It has hardly any of the characteristic smell or stickiness of royal jelly.

☆Additional ingredient *Through to the corneal layer

Extra ingredients to promote healthy skin

Anti-chapping ingredient: Dipotassium glycyrrhizate (licorice root extract)

Beautifying and moisturizing agents: Deep-penetrating amino acids, hyaluronic acid, Lipidure®

Generous-sized container – no need to be stingy

You can use it in various ways, according to the condition of your skin

- Use to combat dryness all year round
- Use as an overnight face pack
- Use as a treatment for your décolleté and neck

Honey UV water gel

SPF32
PA+++

For face
&
body

Make sun protection an enjoyable habit for everyone!
A skincare product that reduces stress on the skin

A UV gel that you and
your children* can use

*Recommended for age 4 and up

It happens to us all. You don't bother with sunscreen when you go out because you're not going far, but you end up getting sunburned. Now there's a UV gel that cares for your skin while protecting it against routine UV exposure.

The succulent texture of the gel makes it ideal for protecting your children against UV rays.

Make it a family habit to push the pump once and apply the gel just before going out.

● Water gel formulation

Water gel formulation that releases water as soon as you apply the gel to your skin. Spreads lusciously over your skin.

● Doesn't feel heavy or rough on your skin

Once dry, it leaves your skin feeling silky-smooth, without that heavy or rough sensation characteristic of most sunscreens.

● Contains honey and skin-beautifying ingredients

Infuses your skin with the moisture it needs to look beautiful.

● Contains 8 types of organic extract

A formulation designed to satisfy those who care about the ingredients in the products that they use.

● Easily washed off with soap and water

● Refreshing, honey-lemon fragrance

What many people don't know about UV rays

SPF and PA are terms that describe the effectiveness of a product in protecting skin from UV rays.

•SPF: Effectiveness in protecting against UVB rays

If someone whose skin develops red spots after 20 minutes of sun exposure uses a sunscreen rated SPF30, they can expect the protective effect of the sunscreen to last for $20 \times 30 = 600$ minutes (about 10 hours).

•PA: Effectiveness in protecting against UVA rays

A spoonful of nature
Country & Stream

Honey UV water gel 50+

Delectably luscious protection against powerful UV rays!

UV protection for those who enjoy the sunshine
SPF50+ PA++++ Comfortable UV gel

A UV water gel that provides superb protection against powerful UV rays. Although it has a high SPF value, its luscious texture means you can use it as an extension of your skincare routine. Skin protection for the season when UV rays are at their most powerful.

● Reduces exposure to powerful UV rays

Its SPF50+ PA++++ rating means it reduces exposure even to powerful UV rays at the height of summer. Resistant to sweat and sebum, it's ideal for guarding against UV rays when outdoors, whether at the seaside or in the mountains.

● Water gel formulation

Luscious water gel formulation melts into your skin as soon as you apply it.

● Lightweight texture that won't stress your skin

Smooth, lightweight texture that feels as luscious as a skincare product. It's ideal for those who dislike the oppressively heavy feeling of conventional sunscreens.

● Contains honey + beauty ingredients + skin-soothing ingredient

Infuses your skin with the moisturizing ingredients it needs to look beautiful. It also contains a skin-soothing ingredient to protect skin when it's most prone to UV damage.

● Contains 6 types of organic moisturizing agents

A formulation designed to satisfy those who care about the ingredients in the products that they use.

Lavender flower extract Chamomile flower extract Rosemary leaf extract Jojoba leaf extract Lady's mantle leaf extract Althea root extract

● Washes off with soap and water

Gentler, for clearer skin!

Improved! Facial Peeling Cleanser

Do you find that excess old, hard skin cells and sebum are building up on your skin?

These old, hard skin cells could be the cause of skin problems such as dullness, coarse-textured skin, and roughness.

Use this peeling cleanser to remove old, hard skin cells once or twice a week to ensure clear skin and prevent problems building up.

Removes waste skin cells

Removes old, hard skin cells, which cause dullness and roughness, for bright skin with a translucent glow. Will also boost the staying power of your make-up.

Gentle & simple

Just spread it lightly across your skin and the impurity-sensing polymer will pick up only the excess sebum and old skin cells, causing them to solidify into small flakes which you can then wash off.

Preserves moisture while caring for your skin

Contains plant-derived moisturizing ingredients (orange fruit extract, peach leaf extract, kiwifruit extract, chamomile flower extract, acerola extract, and bilberry leaf extract). Preserves the necessary moisture while caring for your skin.

<Key Improvements>

● Supports the creation of translucent skin

Contains beauty ingredients said to have a whitening effect, such as arbutin, vitamin C derivatives, Job's Tears extract, and mulberry bark extract. Combines with the peeling to enhance the effect, for skin that looks one shade brighter.

● Contains AHAs (malic acid)

Softens hard skin and assists in peeling.

● 100% organic fragrance ingredient

This facial peeling cleanser is popular for its refreshing scent.

The fragrance is now provided by 100% organic orange oil.

Enjoy the natural fragrance.

Country & Stream Facial Peeling II

Handy Hints: How to Use

- Morning peeling, before washing your face in the morning
Removes the oil and dullness that has accumulated while sleeping, to make your skin look brighter in an instant. The staying power of your make-up will also improve noticeably!
- On days when you have used sunscreen
Some sunscreens are so powerful that they feel like they haven't come off, even after you've used cleanser. After cleansing, dry your face thoroughly and then use the peeling cleanser. Your skin will feel refreshed and unburdened!
- Also ideal for male skin that is prone to stickiness
We also recommend this product for men who secrete a lot of sebum!

Flakes
off

How facial peeling works

The comments have flooded in from impressed users!

I'm captivated by it each time I use it! It's so effective that it actually feels good to use! Female, teens

It also has a relaxing effect because of the nice smell, so I often use it when I want to feel more tranquil. It impresses me every time because I can see the old, hard skin cells flaking off! My skin feels amazing - it's so smooth after I've used the peeling cleanser!

Female, 20s

The skin under my lips and on my chin always felt rough and unpleasant because of the little raised pockmarks there, which I just couldn't get rid of, whether I used face wash or massaged the area. So I tried this product as the only hope remaining to me. My skin is now silky-soft and velvety-smooth. Thank you very much.

Female, 30s

My daughter, who is a university student, lent me her facial peeling cleanser, saying, "Mum, this is really good, so why don't you try it?" In my heart of hearts I thought, "A middle-aged woman shouldn't be using the cosmetics of a young girl," but she kept recommending it to me, so I thought, "Well, it wouldn't hurt to try" and casually gave it a go. I couldn't believe it! The old, hard skin cells on my face just flaked off in quite an entertaining way! What was more, after washing it off, I felt great - really refreshed! It really did feel like I had shed my old skin and grown a new one. Since then, both my daughter and I use it, and I realized that age doesn't matter if something works I want to continue using it, because I have high hopes of how my skin will look if I keep this up.

Female, 40s

Based on comments from users, we've improved it and made it more effective!

BOTANICAL HEAD CLEANSE

Cleanser to wash off accumulated residue on the scalp and promote more beautiful hair

Residue from sebum, sweat, and oil-based styling products causes greasiness, tangling, and odors.

Use this scalp cleanser once a week to wash away these residues, which shampoo alone can't remove. This product resets the scalp environment, for beautiful fresh, silky-smooth hair that you'll love to run your fingers through.

How to Use

- ① Apply to a dry scalp before shampooing, as though drawing lines with the tip of the nozzle. (Rough guide: 6 lines from front to back, 3 lines across the back of your head)
- ② Use the pads of your fingers to work it into your scalp with an upward motion, massaging it over every part of the scalp while working towards the top of your head.
- ③ Once you feel the cooling sensation spread throughout your scalp, wash off thoroughly and follow with your usual shampoo and treatment routine.

Why do we need scalp care?

- (1) They say the scalp has almost twice as many sebaceous glands as the T-zone!
- (2) That means twice as many pores in which sebum and old skin cells can build up, causing greasiness and odors.
- (3) With our growing tendency to use hair oils, balms, and other oil-based styling products, shampooing is no longer enough to wash away all the residue. Leaving moisturizing oils on for too much is bad for your hair and scalp, too.
- (4) When your scalp is in poor condition, your face could also look duller?!

It also helps your usual shampoo to foam better!
The skin on your scalp is the same as on your face. A weekly reset to banish scalp impurities!

- ◇ Five organic plant-derived moisturizing ingredients to hydrate your scalp
- ◇ Scalp-toning ingredients: Centella asiatica extract, Eucalyptus globulus leaf extract
- ◇ Fragrance derived entirely from essential oils
Contains a blend of 10 natural essential oils to promote relaxation
- ◇ With refreshing menthol
- ◇ Mildly acidic, silicone-free, paraben-free, mineral oil-free

For eyes with impact

Black Eyelash Essence

Black Eyelash Essence

A lash and brow serum designed to condition the skin beneath, too

Your eyelashes and eyebrows are the decisive factor in the impression made by your eyes. Country & Stream believes that it's vital to care not just for your eyelashes, but also for the skin beneath, to promote the future growth of beautiful lashes! This black-tinted eyelash essence has been designed to **deliver beautifying ingredients all the way to the base of your eyelashes.** This means that it also conditions the surrounding skin to give your eyes greater impact. You can apply it with **pinpoint accuracy** and **see exactly where you've applied it!** This serum offers easily visible eye care that meets all your needs: attractive eyelashes that enhance your eye make-up, beautiful eyebrows, and a taut eyeline.

- ◆To give lashes and brows resilience and bounce: Widelash®
- ◆To tone the skin: 4 Japanese medicinal plant extracts
(Paeonia albiflora root extract, Panax ginseng root extract, dipotassium glycyrrhizate, Angelica acutiloba root extract)
- ◆To repair lashes and brows: Hydrolyzed silk
- ◆Contains black beautifying and moisturizing agents:
Black bean extract*¹, kelp extract*²

Gets right into the gaps between your lashes

How to Use

Eyelashes
Apply the serum to the base of the lashes along your eyeline. Gets right into the gaps between your eyelashes to ensure full coverage of the eyeline.

Eyebrows
Apply over the whole eyebrow.
☆ If you're going make-up free, you can apply the serum to the tail of the brow to make it look thicker and more natural!

Suitable for use with lash extensions

Smart-free formula

Uses pigments that won't stain the skin*

*Uses inorganic pigments. Washes off with cold water.

I want people to ask if they're really my natural lashes!

- Ethanol-free
- Mineral oil-free
- Fragrance-free
- Silicone-free
- UV absorber-free
- Synthetic dye-free
